

PTSE based Steam Generator available from 125 Kg/day to Tonnage plant

Mission Statement
FREE INDIA FROM FOSSIL FUEL

Parabolic Trough Solar Energy Collector (PTSE)

FACTS ABOUT SOLAR THERMAL POWER

- PTSE Produces Power with out any pollution.
- PTSE Plant offers plentiful cheap power.
- PTSE Plant materials are recyclable.
- PTSE is reliable and available during peak demand hours.
- PTSE can be built quickly.
- PTSE are space efficient.
- PTSE with TES systems provide day and night power.
- PTSE plant create permanent jobs based on local economy.
- PTSE cost is free from speculation and is known with certainty.
- PTSE can be roof top and space below can be used profitably.
- PTSE requires no consumables.

PTSE with GREEN MACHINE makes power plant with out steam and DM water
